**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For me, its essential that I can choose among a range of competitive internet providers. In my experience Comcasts initial set up fee is exhorbant, and Ive had the unpleasant experience of being overcharged for services I did not want, and was forced to pay for. On the other hand Sonic, is competitive and has a customer service department who has always been helpful, and Ive never been overcharged. Sonic is a local company, Ive never experience price increases (except the one I agreed to), and the broadband device is a requirement to 2 business I operate out of my home. Im a local business, and I prefer to do business with companies I trust.

Regards,
